

Voices of future forest health leaders

Webinar series

Beyond the forest: Career paths in forest health

Calling all young scientists and forest health enthusiasts!

Are you passionate about forest health and ready to connect with like-minded young professionals across the **Asia-Pacific?**

Hear inspiring stories: Learn from the unique field and lab experiences of others

Explore career paths: Discover exciting opportunities in forest health

Learn together: Engage in open, honest conversations about the challenges, discoveries, and realities of working in this dynamic field

Held by FAO and APFISN, this webinar is your chance to be part of a supportive community of early-career researchers and practitioners, where we'll exchange insights, solutions, and strategies to navigate the ups and downs of forest health research. **[Register here!](#)**
